NO. 26.

GOVERNOR'S MESSAGE

THE ADAMS SENTINEL.

GETTYSBURG:

WEDNESDAY, MAY 6, 1861.

Our State Legislature met in extra session at Harrisburg on Tuesday the 30th. Gov. Curtin sent in an important message to that body, which we publish at length in our paper to-day. It is well worth perusal. The Governor is evidently in earnest, and all his suggestions will be warmly and unanimously seconded by the Legislature—all parties there being a unit for upholding the Union and our glorious flag.

Postmaster at Bendersville.

At an election for Post Master, held on Saturday last, at Bendersville, 211 votes were polled.

JACOB PITZER received 106 votes.

ABEL T. WRIGHT " 108 "

The contest was close, but we understand it went off without ill-feeling, and that the result was cheerfully acquiesced in by all parties.

JOHN C. MARTIN has been appointed Postmaster at Fountain Dale, this county.

The route from Harrisburg to Gettysburg now commences at Mechanicsburg, in lieu of Harrisburg.

A "Home Guard," numbering over 60 men, was organized at New Oxford, a few days ago. The "Stars and Stripes" are floating over quite a number of buildings in that patriotic village. Improvements, which are now very much at a stand elsewhere, are being erected, and old ones repaired.

The Union for Ever!

A public meeting of the friends of the Union, will be held at New Oxford, on Saturday afternoon next, at 2 o'clock. A large attendance is expected—to give expression to the feelings and opinions of the people, in this grave crisis.

Addresses will be delivered by Hon. EDWARD McPHERSON, and WILLIAM A. DUNCAN, Esq.

Another Military Company.

We understand that it is proposed to organize another Infantry Company here this week. Several citizens have enrolled themselves as members. Here is a chance for those young men in various parts of the County who were disappointed in not getting into the Blues. All wishing to join are requested to send their names to Major Scott. It is intended to organize the Company on Saturday next, at 2 o'clock, at the Court house. We expect to hear of the prompt completion of the list. The number is limited to seventy-seven.

The Volunteers from this County are still at York. They have been attached to the Second Regiment, Col. Stambaugh, of Chambersburg—and are Company K. At our last accounts from there, all were well, and daily awaiting orders for march.

Lieut. Fahnstock and several others, made a flying visit home on Saturday, having a furlough for 48 hours. They say they returned on Monday morning. They say they are getting along very well in their Camp—not as nicely and comfortably as at their own firesides, but that they do not expect, having shown their willingness to sacrifice their comforts to uphold our country and its "Stars and Stripes." God be with them!

Officers of Home Guards.

On Monday last, a large number of the officers of the different "Home Guards" of Adams county, met at the Armory in Gettysburg. There are 23 Companies organized in the County, of whom but a few were unrepresented. Capt. DIZEL, of Franklin township, was called to the Chair, and J. FINLEY BAILEY, of Gettysburg, appointed Secretary.

We have not room for the proceedings in full to-day.

A resolution was passed for the election of a Colonel, two Lieutenant Colonels, and two Majors, to serve until the 4th of July next, at which time, or previously, another election will be held for permanent officers. Col. John Scott was elected Colonel; J. F. Feltz and Jacob Marks, Lieut. Colonels; and A. Hill McCree and Jacob Meads, Majors. The whole organization was, by resolution, intended only to operate within and for the defence of the County of Adams.

Cavalry en route for Washington.

Yesterday our town was thrown into considerable excitement by what has been, with us, an unusual affair.

Four companies of U. S. Cavalry, just returned from Texas, where they have been engaged in fighting the Comanche Indians on the border, (and, since the secession of Texas, have been ordered home,) passed through this place from Carlisle Barracks, on their way to Washington. They all bear the evidence of hard service. They are armed to the teeth, with revolvers, Sharpe's rifles, and swords, and will make their mark wherever their Commander orders them. Rebels will find them a severe check upon their movements. They numbered 335, and are supplied with everything to render them "a terror to evil-doers."

The Hanover Savings Fund Society has declared a Dividend of 5 per cent. for the last six months, clear of State Tax on the Capital Stock.

More Troops!

The President has issued a proclamation calling into the service of the Government—42,081 volunteers, for 3 years, unless sooner discharged.

22,714 increase of regular army.

18,000 increase of sea-men.

82,748

75,000 volunteers previously called.

167,738

18,000 present regular force.

175,748.

The above 175,748 is the force the Government will have, when its requisitions are complied with. No more three months' volunteers will be received—it being preferred to adopt the increase of the Army and three years' enlistment instead.

There is every indication of great vigor in the Administration. THE REBELLION MUST BE PUT DOWN! Such is the watchword. Fifty war vessels will compose the blackading squadron, which will be accompanied by transports carrying 20,000 troops, intended for land operations. Within a month, every point on the whole Southern Coast will be under efficient and complete blockade—while the activity of the troops at Cairo and other points on the Ohio and Mississippi will prevent all contraband articles from reaching the Rebel States.

In addition to this regular force, Pennsylvania and other loyal States will take in to their own service each 15,000 or 20,000 troops, and place them in Camps of Instruction, to constitute a Reserve Corps, ready for any emergency. The measures contemplating this, are now under consideration in our Legislature.

The rebellion would have been easily crushed in the beginning. It has now assumed formidable proportions. But, COST IT WHAT IT MAY, IN MEN AND MONEY, IT MUST BE PUT DOWN! Otherwise our Government is destroyed, anarchy will soon be upon us, and the ultimate destruction of our Liberties—our glorious Republic disgraced, and made a "by-word and a hissing" among the Nations of the earth! This must not—cannot—shall not be!

Attempted Revolution in Maryland.

The majority of the Legislature of Maryland, now in session, are, there is little doubt, at heart for Secession, whilst being AFRAID to take, at present, a public position in favor of it. It is very clear to all who intelligently observe the proceedings of the Legislature, that, as in Virginia, the purpose is to intrigue the State out of the Union, if possible. The Governor, being against Secession, the first step is to deprive him of his power. This is being accomplished by a bill to establish a Committee of Public Safety, consisting of five members—all Secessionists, and most of them of the vilest sort—to whom is to be entrusted the supreme control of the affairs of the State. Two millions of dollars are to be raised to arm the State. This sum is to be under the control of the Committee, who will thus gain possession of the military power of the State. They are to appoint and remove officers, and will have absolute authority. The bill is being resisted by Union men in the Legislature; but the indications are, that it will pass both branches, and, as the Governor has no veto, it will become a law.

The measure is one of the most monstrous we ever knew. It is simply Revolution under the form of law. The Legislature was elected two years ago, in a wholly different condition of things, and they do not represent the people, who are for the Union. They now aim to usurp the authority of the Governor, to throttle the State, and to force their measures upon the people. A stern resistance is being provoked. If the aggressive policy be persevered in, we may expect civil war upon the soil of Maryland, for the General Government will, no doubt, aid the Union men in resisting the attempted over-riding of their rights. Baltimore City is protesting against the bill—resolutions being adopted in all the wards of the City on Friday night, with unanimity and enthusiasm—denouncing the bill as an act of lawless despotism, and the whole matter as unconstitutional and revolutionary. Frederick, Carroll, Washington, Allegany and Cecil counties have, given notice that they will secede from Maryland, if Maryland attempt to secede from the Union.

The Secession movement has been marked off by infamous practices, from its inception to this hour, but no where has its essential malignity been more marked than in Maryland. Nevertheless, we believe their villainy will be unsuccessful, in that loyal State.

The Union men in Wheeling refuse

to recognize the Ordinance of Secession. They decline paying State Taxes any longer, and are preparing to secede from Virginia. A Convention of the Western counties, for that purpose, is called for the 13th of May. The Wheeling Intelligence denounces the act of Secession as an "infamous usurpation," and calls upon the people there to

"Summon every energy of your mind and heart, and strength, and let the traitors who desert our borders see, and let the world around see, and let history in all after time record it, that there was one green spot—one Swiss Canton—one Scotch highland—one County of Kent—one Province of Venetia, where unyielding patriotism melted and gathered, and stood, and won a noble triumph."

There is no mistaking the ring of this language!

The Noble Position of the Administration.

Mr. Seward, Secretary of State, has addressed a letter to Mr. DAYTON, our Minister to France, under date of Saturday last, May 4, in the course of which he forever puts to rest the doubts and fears which were in the minds of many as regards the comparatively peaceful policy of the Administration hitherto, which seemed to lack energy. That has now passed—read the following determined language of Mr. Seward. He says:

"The United States waited patiently while their authority was defied in turbulent assemblies and in seditious preparations, willing to hope that the mediation offered on all sides would conciliate and induce the disaffected parties to return to a better mind. But the case is now altogether changed. The insurgents have instituted revolution with open, flagrant, deadly war, to compel the United States to acquiesce in the dismemberment of the Union. The United States have accepted this civil war as an inevitable necessity. The constitutional remedies for all the complaints of the insurgents are still open to them, and will remain so. But on the other hand, the land and naval forces of the Union have been put into activity to restore the Federal authority and to save the Union from danger. You cannot be too decided or too explicit in making known to the French Government that there is not now, nor has there been, nor will there be, the least idea existing in this Government of suffering a dissolution of this Union to take place, in any way whatever. There will be here only one nation and one Government, and there will be the same Republic and the same Constitutional Union that have already survived a dozen national changes and changes of government in almost every other country."

"These will stand hereafter, as they are now, objects of human wonder and human affection. You have seen on the eve of your departure the elasticity of the national spirit, the vigor of the national Government, and the lavish devotion of the national resources to this great cause. Tell Mr. Thouveret, then, with the highest consideration and good feeling, that the thought of a dissolution of this Union, peaceably or by force, has never entered into the mind of any candid statesman here, and it is high time that it be dismissed by statesmen in Europe."

"I am, sir, respectfully,

"Your obedient servant,

"WILLIAM H. SEWARD."

The Mt. Carmel Cemetery at Littlestown, will be dedicated on White-Monday, at 10 o'clock, A. M. There will be religious services on the occasion by several Clergymen.

The Commissioners of York county have appropriated \$10,000 for the benefit of the families of soldiers. York borough, Hanover and Wrightsboro, have contributed \$6,000—making \$16,000 in all. There are five companies from York, and two from Hanover—there is over \$3,000, therefore, for each Company.

Charles F. Adams, Minister to England; Cassius M. Clay, Minister to Russia; and Jacob S. Tallmadge, Minister to Stockholm, sailed for Europe in the Niagara, from New York, on Thursday last.

Our troops at Cairo, Ill., last week captured the steamboat Hilleman, having on board \$175,000 worth of munitions of war. They have also captured 14 cases of arms destined South.

The Virginia Convention postponed the election of Members of Congress which would have taken place the last of this month. In two of the districts in the Western part of the State, this is disregarded, and members will be elected by the Union men. Of course, they will be received at Washington, and that part of the State be represented in the National Congress.

4,000 Union Majority.

An election was held in Washington county, Md., on the 3d, for a member of the Legislature, and Mr. Fiery, the Union candidate, was elected by a majority of over 4,000! The whole vote of the county at the Presidential election was 5,200. This speaks well for the union feeling in Western Maryland. There was great rejoicing at Hagerstown over the event. Mr. Fiery was formerly of our College.

The city of Baltimore is being rapidly invested by United States troops. At noon on Sunday, two regiments, comprising New York and Massachusetts troops, 2,000 strong, under command of Gen. Butler, arrived at the Relay House, and having taken possession of the telegraph office, proceeded to form a camp on the grounds of the late William Talbot, adjoining those of George W. Dobbin, Esq., on the South side of the Patapsco.

On the Northern Central Railway a large force of hands are engaged in building the bridge over Lake Roland, near the Relay House, which, when completed, will open the communication in that direction. Workmen, under military protection, are proceeding with the construction of the bridges on the Philadelphia road.

Ex-Vice President Breckinridge advises the border States to be represented in the extra session of Congress. The counsel is kind, but it is late. Where else can the border States go? Not to the Southern Confederacy, which is breaking to pieces, like a sea of ice under an April sun. Their haven of safety is under the old flag and in the old harbor of the Union.

A large Union meeting was held at Wheeling on Saturday evening. Resistance to secession was urged and a division of the State favored. Delegates to a Convention of the Western counties were appointed.

We regret to learn that the Rev. Mr. KESLER, the Pastor of St. James Church, in this place, has resigned that situation. This reverend gentleman has earned a high reputation in our midst for talent and faithfulness as a Pastor, and his departure from us will be much regretted. The Church has flourished to a high degree under his ministry. At the Communion on last Sabbath, we learn that 20 persons were admitted on profession of faith, and 7 by certificate. The Church now numbers about 300 members.

Since the above was written, we received the following proceedings for publication:

At a meeting of St. James Lutheran Congregation, May 5, 1861, the following preamble and resolutions were unanimously adopted:

WHEREAS, Our esteemed and beloved Pastor, Rev. J. R. KESLER, from surrounding circumstances, deemed it proper to submit to us his resignation; we, therefore, give expression to our high regard and appreciation of his worth as a man and a minister of the gospel, in the following resolutions:

Resolved, That it is with the deepest regret and sincere sorrow, that we have found it necessary to accept the resignation of our beloved pastor, Rev. J. R. KESLER, whose personal worth and valued abilities as an exponent of the unspeakable riches of Jesus Christ, has not only endeared him to the members of this Congregation, but to a large number of members of other denominations in this community. In this movement of God's Providence, we cannot help but feel sad that the ties which bound us together as pastor and people, are now severed, but however reluctantly we part with him as our pastor and friend, we feel confident it will be the gain of those whose good fortune it may be to secure his services, as we know him to be a faithful, earnest and fearless advocate of the truth as it is in Jesus.

Resolved, That we fervently pray, that the richest blessings of God may rest upon him and his esteemed family, and that in his future labors he may be abundantly blessed in winning souls to Christ.

Resolved, That these proceedings be published in the "Lutheran Observer," the "Missionary," and the "Lutheran."

G. H. SWOFF, Chairman.

Attest—WM. B. MEALS, Secretary.

Jefferson Davis continues in the most dishonorable manner to attempt to seduce Federal officers from duty. Last week he sent a General's commission in the Confederate army to a gentleman holding a Captain's rank in the U. S. army, and whose experience in the Ordnance Bureau would render him most valuable to the South.—The commission was accompanied by a strong personal letter. Both were returned.

NORTHERN CENTRAL RAILWAY.—In consequence of the burning of the bridges, by the mob and secessionists of Baltimore, of the Northern Central Railway leading to Baltimore from Cockeysville, the board of directors have renewed the general accounting department to Harrisburg. The loss by the burning of the bridges on this road, is over three hundred thousand dollars. Their destruction by the mob was authorized by the Mayor of Baltimore and Marshal Kane.

The flag of the United States was raised at noon on Wednesday last on the Post Office and Custom House at Baltimore. A large crowd assembled to witness the ceremony, and the standard, as it spread to the breeze, was greeted with tremendous cheers, after which the multitude joined in singing the Star-Spangled Banner.

Capt. Wm. Armstrong, who surrendered the Pensacola Navy Yard in January last, has recently been tried and found guilty of "neglect of duty," and of disobedience of orders, and conduct unbecoming an officer. He has been suspended from duty for five years, with loss of pay for the first half of the period, and has been reprimanded by the Secretary of the Navy.

The Governor of Georgia has issued a proclamation, requiring the people of that State to pay into the State Treasury the amount of their Northern debts—the State agreeing to refund the amount, with interest, at the end of the war. Such is the tone of our advices from nearly all the Slave States. Every sort of dishonesty is brazenly practiced, in the name of Secession.

By every avenue of communication with the Capital, the great spirit of the Free North makes itself felt. Mothers write to sons, who seek military employment, urging them forward, cheering their hearts with words of noble affection. Regiments of nurses, representing the cultivation and refinement of New England, are arriving, or announcing their readiness to come, meanwhile fitting themselves by practice in hospitals at home. Money, horses, and equipments are offered with lavish hands by thrifty men of business. A single grand expression of patriotism reaches us, and its effect is hourly to be perceived.

The city of Mendoza, in South America, was destroyed by a fearful earthquake, and some EIGHT THOUSAND PEOPLE KILLED, on the 20th of March. San Juan was also reported to be destroyed, the bed of the river having been turned on it by the same earthquake.

HOTEL DESTROYED.—Glass's Hotel, in Carlisle, was totally destroyed by fire on Sunday night a week. The inmates of the building were compelled to leap from the windows to save their lives, and a number lost their clothing and other property. We learn that Col. Todd had several hundred dollars in money destroyed.

The Governor of Kentucky has issued his proclamation for the election of Congressmen on the 30th of June. The Union feeling is gaining ground in Western Kentucky.

WASHINGTON, May 2.

Most active preparations are being made for the further blockading of Southern ports. Ten vessels of the fleet will, within a week, be at sea. The entire fleet will consist of at least fifty war vessels of various description, accompanied by sufficient steam transports for the accommodation of a land force of at least 20,000 strong. Thus it will prove sufficient to make an efficient blockade of every inlet on the Southern coast, into which any vessel drawing six feet water might otherwise enter, while it will devolve on the disunion authorities the necessity of keeping in arms, feeding, etc., distinct armies, sufficient to cope with the land forces accompanying it, in or near Norfolk, Charleston, Savannah, Pensacola, Mobile and New Orleans, of at least an aggregate of 120,000 troops stationed for the protection of those important points alone.

Rebuilding of Railroad Bridges.

HARRISBURG, May 1.—A large body of carpenters left here this morning, by the Northern Central Railroad, to rebuild the bridges burned this side of Baltimore. Mr. Thomas T. Power, the well-known engineer, and Mr. Penrose Lusk, an experienced railroad contractor, accompanied them. A body of troops from the camp at York will go along to protect the workmen and prevent further destruction of the work. The whole expedition is to be under the command of Col. Andrew Porter, of the United States army.

PHILADELPHIA, May 2.—A body of engineers and workmen, well protected, left this city to-day, for Maryland, to erect, as speedily as possible, new bridges over Susquehanna and Gunpowder creeks, on the Philadelphia, Wilmington and Baltimore Railroad.

The fact is demonstrated beyond the shadow of a doubt that the policy of the Administration, now and henceforth, is war. To this conclusion Mr. Lincoln has urged his Cabinet for ten days past. Messrs. Chase, Blair and Cameron entered heart and soul into the plan, and but for the wavering of Messrs. Seward and Welles on this point the Cabinet would have been a unit. Mr. Welles has received such letters, petitions, and appeals from his own State, as have induced his conversion to an anti-peace doctrine, and finally Mr. Seward has added his undivided assent of such a course.

Senator Wilson, with Judge Hoar, of Massachusetts called upon Mr. Lincoln and urged upon them the imperative demand of the country, that active and positive aggressive measures be adopted. Twice they saw Mr. Lincoln, whose whole nature seems bent upon re-asserting the dignity and unity of this great nation before the eyes of the world. The country may rest assured that the course of the Administration has been, is, and will be onward and upward. That standstill and suffer no degradation while in its hands. Nothing, in the end, will have been lost, and all good men will agree in commendations upon the action of our leaders. The Navy Yard at Norfolk will be re-taken and re-built, and that speedily.

DEATH TO THE PIRATES.—Orders have been received from the Department at Washington, by the officers of the various United States vessels, that all persons found selling under Jeff. Davis' letters of marque and reprisal be treated as pirates. That the contrabands be immediately hung from the yard-arm, and the crew and more pernicious officers be placed in irons to await their trial as ocean brigands.

This summary method of dealing with the robbers will probably be seconded by the European powers, who have just as much cause to fear a fleet of freebooters infesting the seas and molesting peaceful commerce as have the Northern States.

Outrage by Pennsylvania Soldiers on Citizens.

HARRISBURG, Pa., April 30.—Over 5,000 men are now in camp at Harrisburg. They consume daily 6,500 pounds of fresh beef, 5,000 pounds of bread, 600 pounds of sugar, 300 pounds of coffee, 100 pounds of candles, 4 bushels of salt, and 15 bushels of beans. Not more than 15 barrels of mess pork have been used out of the 700 barrels sent here, the men refusing to eat it. It is estimated that the cost of subsistence alone is \$1,200 per day.

Five soldiers attached to a Delaware county company were today sent out to arrest deserters. During their travel they abused several citizens, and subsequently entered a public house, got frowzy with liquor, charged bayonets in a crowded room, and wounded a citizen severely, though not dangerously. One of the soldiers was severely cut in the encounter by a citizen. All five of the soldiers were arrested and lodged in jail.

Canada Papers on American Affairs.

TORONTO, April 30.—The Globe of today, in a long and able article on American affairs, says that the North, by their impatience with reference to President Lincoln's policy, ignore the stupendous and delicate task he has before him, and will drive the country to anarchy and chaos.

It advocates strengthening Mr. Lincoln's hands, and to abstain from perplexing his councils.

The Leader, the government organ, fears that Canada may become involved, and advocates an armed neutrality, and suggests that the Canadian government represent to the imperial authorities the expediency of sending six or eight regiments of the line for the protection of the frontier.

PAY OF THE TROOPS.—The following, says the Harrisburg Patriot, gives the rate of pay allowed in the army of the United States to which the militia is entitled when called into service by the government:

	Per month.
Colonel	\$218 00
Lieutenant Colonel	191 00
Major	175 00
Captain	158 00
First Lieutenant	142 00
Second Lieutenant	126 00
Private	109 00
First or Ordinary Sergeant	29 00
Other Sergeants	27 00
Corporals	22 00
Privates	20 00
Musicians	21 00

Officers are required to provide their own uniforms and equipments, but the men are clothed and armed by the government.

House Struck by Lightning.

MARVELOUS ESCAPE OF THE INMATES.—The first thunderstorm of the season visited this region on Tuesday night. About midnight the lightning struck a dwelling house at Forestdale, near Statesville, occupied by the families of Danforth Crossman and A. Ratts, the members of which were all in bed. Nearly the entire north side of the house was torn off by the subtle element, while it played strange pranks within in doors. The bed on which two persons lay was moved across the room and its contents melted. A bureau was smashed to pieces and a portion thrown upon the bed. Bed clothes and clothing were rent in twain, yet strange to say no person was seriously injured. A child was somewhat stunned. One of the ladies, in speaking of the event, said her first thought after the thunder clap was, "Jeff, David has come."

THIRST FOR GLORY.

An incident occurred in New York on the day of the departure of the 67th Regiment for the seat of war, which goes to show the desire of the young men of that city for war. While the Regiment was resting on Bond street, a private soldier filled, and held backward into the arms of a stranger among the crowd. A Sergeant came along, when the stranger asked to see the Captain, who, coming up, was accosted by the stranger with "See here, Captain, this man isn't fit to fight; let me have his uniform, and I'll take his place," and almost before the Captain had time to answer, the enthusiastic recruit threw off his coat and cap, and exchanging them for the uniform of the invalid, he seized his musket, fell into the ranks, and was soon marching off for the war. That is the kind of stuff the Northern Army is made up of.

THE BANNER COMPANY.

The Publishers of last Saturday's Alluding to the volunteers from Schuylkill county, says, "this twenty-one companies, with an aggregate number of nearly two thousand men, have already left this country. If the other counties of the State were to send men in the same ratio to their population, nearly seventy thousand men would be furnished by Pennsylvania alone. This outpouring is unparalleled, and demonstrates how great is the spirit of patriotism, and how so aroused the whole population. We learn that several other companies are full, and others are forming with a view of offering their service."

THE REV. J. C. FLETCHER GAVE US LAST EVENING, A BRILLIANT LECTURE ON THE RELIGION, CUSTOMS AND PEOPLE OF BRAZIL.

Seldom have we witnessed anything more than the picture he laid before the audience of that exuberant garden of the tropics laden with its strange variety of fruits and flowers, teeming with perpetual harvest for the hand of man. Surely that country must be the garden of the world, and if its people had the enterprise which moves this Yankee nation, imagination could not set a bound to the results they would produce there. As relevant to this comparison the Reverend gentleman stated that the best Remedies employed there for the diseases to which they are subject, are invented and supplied to them by our own countryman, Dr. J. C. Ayer, of Lowell, Mass., and that not the people only, but the priesthood and the court of the Emperor down, have constant recourse in sickness to the Remedies of this widely celebrated American Chemist.—Littler, Boston.

GENERAL SYNOD POSTPONED.

The meeting of the General Synod of the Lutheran Church, which was to have been held at Lancaster, Pa., on the 10th of May, is indefinitely postponed on account of the unhappy difficulties which are now agitating the country.

SECESSION AT A DISCOUNT IN WESTERN VIRGINIA.

A correspondent of the Morgantown Star, writing from Weston, (Va.), on the 22d, says:

Our town was the scene of considerable excitement on yesterday morning, caused by the discovery of a secession flag flying on the roof of our Court House, having been placed there during the "free small hours of the night," by the rascals of our place. We have but few secessionists here, and they are composed of broken down politicians, bankrupts, and half-witted aspirants. Well after getting down the miserable thing, counting the stars (eight in number), and taking a general survey of the "fetter" that had cost its admirers so much labor and loss of sleep, the President Justice—a whole-souled Union man—applied a match to it and burned it up, amidst the applause of the crowd. Lewis county will give such a majority against the Disunionists that will make them tremble in their boots.

Cowardice.

Only those who have mingled among all classes of Southern men can know the contemptible opinion which is universally entertained of Northern courage. As we do not fight duels and do various other things which they consider the criterion of courage, they set us down for cowards at once, and despise us accordingly. They remember that we have always backed down in political controversies with the South, and will of course tremble at the idea of an armed encounter. Perhaps we shall—after the "bread riots" and the "guerrilla bands" in the rural districts, but not before. No, this delusion is greater than the others, and more woful to those who cherish it. It does not become us to boast on this point—they can do that better elsewhere—but when it can be pointed out where and when the men of the free States ever failed in the least element of perfect bravery, on land or sea, in peace or war, then we shall believe that those who are represented by a Massachusetts 6th Regiment—but not until then.

THE MERCENARY NORTH.

It has been a standing trait of Southerners that Northern people were mercenary, and cared only for their pockets. A glorious reiteration of this unmitigated slander is now in the press, and manifest efforts of money from all classes in the community to sustain the government. Probably not less than seventy-five millions of dollars have thus been voluntarily offered by banks and private individuals, while millions have been contributed in ready money to equip and supply troops. Never was a people so free both of blood and treasure in supporting their rulers.

DEATH OF BISHOP UNDERDONK.

Benjamin Treadwell Underdonk, Episcopal Bishop of the Eastern Diocese of New York, died in New York, on Tuesday, after a protracted illness, of dropsy, aged about 74 years. One of the papers of that city says: "About thirteen years after his consecration, in the year 1841, we believe, a circumstance occurred which cast a cloud over his character. A charge of indiscretion in conduct was preferred against him, which, not to be too prophetic, resulted in his being indefinitely suspended from Episcopal functions by command of the House of Bishops. The scandal created an immense sensation at the time, having been published in almost every paper in the country. The suspension took place on the 3d of January, 1845, and has never been revoked since that time. Bishop Underdonk never made what can be called a confession, and a strong feeling has ever been manifested in his favor by warm friends, who regarded him as a persecuted prelate."

CONFERENCE OF GOVERNORS.

CHICAGO, May 4.—Governors Cutler, of Pennsylvania; Dennison, of Ohio; Randall, of Wisconsin; Blair, of Michigan; Morton, of Indiana; and ex-Governor Kenyon, of Illinois, were in conference here last night. Their proceedings have not transpired. They were serenaded and addressed the people.

ANOTHER BOAT EXPLODED.

A few days since, it was announced that the United States Government had asked for an armistice of sixty days. The following official statement puts an end to all doubt on the subject:

WASHINGTON, May 1, 1861.

SIMON DRAPER, (Chairman) There is not a word of truth in any of the newspaper reports of armistices made or proposed. That sort of business ended on the 4th of March. W. H. SEWARD.

ALLUSION, in the hearing of the President, having been made by a gentleman as to the attacks upon the course and motive of the Administration, Mr. Lincoln smiled and said, "Well, sir, we can afford to pass by with the dying word of the Massachusetts statesman, 'we shall live.' I am sure they don't worry me any, and I reckon they don't benefit the parties who write them."

Only One Dollar Each!

10,000 BEAUTIFUL STEEL PLATE ENGRAVINGS OF THE LORD'S PRAYER FOR SALE.

VALUABLE PROPERTY GIVEN AWAY!

The idea of representing the Lord's Prayer by an engraving, and distributing it in such a manner as to produce at once a model of neatness and taste, was conceived and carried out by Ormsby, the celebrated Bank Note Engraver, of New York City. It commences with exquisitely executed words of "Our Father," and then follows in succession the other parts of the prayer, every phrase of which is engraved in the most elegant and tasteful manner. At the bottom of the picture is a superbly executed head of OUR SAVIOUR, and occupying the upper part of the engraving are ten angles, each bearing one of the TEN COMMANDMENTS.

The engraving has received the most unqualified praise from the religious community, as there is nothing of a sectarian character about it, having been recommended by Claryman of all denominations. As an ornament it is one of the most splendid ever published in this country, and is destined to take the place of a poorer class of engraving. The size of the plate is 20 by 28 inches, and is unquestionably the cheapest engraving ever offered in this country.

Who that loves art—who delights to study a fine engraving—who that would receive the impressions which such a work is calculated to impart, would fail to secure a copy when the price is ONLY ONE DOLLAR, with the chance of securing for the sum, in addition, a permanent home or another valuable gift?

As a work of art this valuable and beautiful engraving is worth more than the Dollar asked for it, as will readily be acknowledged on an inspection of it; but the subscribers intend to make a Gift Distribution to purchasers of the engraving, of valuable presents as follows:

1 House & Lot in York Borough.

2 Buggies, (Q in & Palmer's make, warranted).

3 Building Lots in York Borough.

4 1000 Valuable Books.

5 50 Bbls. Flour, (warranted).

6 1000 Gold Fil. Frames to suit Engraving of Lord's Prayer.

7 500 State Pl. Engravings, Birth of Christ, Magnificent Looking Glasses, Gold and Silver Watches.

8 All kinds of Jewelry, embracing Camoes, Florentine, Mosaic, Gold Stones, &c. &c.

A Gift worth from 50 cents to \$5,000 with each engraving sold.

When the engravings are all sold a meeting of the purchasers will be called at Washington Hall, York Pa., when the Gifts mentioned will be distributed in such manner as the purchasers may determine. The purchasers selecting a committee of disinterested persons to make the awards in such manner as they may designate.

The proprietors from the favorable manner in which this Gift Enterprise has been received, and the number of engravings already sold, hope to be able to have the amount disposed of by the 1st of July, ensuing, and will then sell the remaining engravings at a low price, and will notify the purchasers, and have the distribution of the Gifts proceeded with.

This engraving has received the commendation of the Reverend Clergy, our first citizens, and indeed of all classes, who enter into it with spirit.

RECOMMENDATIONS.

We invite attention to some of the recommendations:

From Rev. C. W. Thompson, Rector of St. John's Protestant Episcopal Church, York, Pa.

Messrs. Austin & Wehrlly: The engraving of the "Lord's Prayer" which is now offered for sale by Messrs. Austin & Wehrlly of this Borough, is got up with much taste and beauty, and is well adapted to attract public attention—anything that will keep that noble composition before the mind and memory is likely to do good. The work seems to me only to require examination in order to be admired, and I can but hope that the gentlemen who have to hand its distribution at so moderate a rate, will be abundantly successful in their undertaking.

C. W. THOMPSON.

From the Rev. F. J. Jagen, Pastor of the Moravian Church, York, Pa.

York, Pa. Feb. 20, 1861.

Messrs. Austin & Wehrlly:—Having had the pleasure of inspecting Messrs. Austin & Wehrlly's splendid engraving of the Lord's Prayer, I would cordially recommend it to the favorable attention of their friends at York and elsewhere.

It is not only a beautiful and useful article, but also a useful and edifying acquisition for Sunday schools and similar benevolent institutions.

F. F. LAGEN.

Editors of Publishers of papers giving this advertisement 5 insertions, will be entitled to an Engraving and Ticket, by forwarding the paper for that time to our address, or by inserting it until the time appointed for the distribution, with an Editor's notice on the 4 weeks, they will receive the engraving framed with a fine gold gilt frame to suit its size, and a Ticket.
